You will need to provide your UGI Electric Utilities account number to the participating distributor, along with contact information and the physical address where the product is being installed.
- 6 Can I install the lighting myself, or do I need to use a contractor?**
You may do either. If you hire a contractor to do the work, the contractor can make the purchase at the distributor for you. The distributor would then provide your contractor with the new lighting at the reduced price.

- 12 Are there limitations to the number of instant discount incentives available for a customer or a project?**
Each product type has specific guidelines, and larger projects resulting in an incentive value of \$20,000 or higher require pre-approval. Consult your distributor.
- 13 Will someone follow up on my lighting installation?**
It is possible that customers will be contacted by a representative of the program to verify whether installation is complete. This may be done over the phone and/or through site visits.
- 14 How do I know if the UGI Electric Instant Discounts for Lighting Program is the right program to use?**
Review your options with your selected distributor, or contact our program team via phone at 1-570-908-4715 or email at UGIElectricBusinessRebates@clearesult.com. A program representative will be happy to help you determine the right choice for you and your business.
